## VIETNAMESE HEAD SPA

In Vietnam, the head spa (known as gội đầu dưỡng sinh) is more than a hair wash - it is a centuries-inspired wellness ritual rooted in relaxation, circulation, and natural care. At Sparkle Organic Nails & Spa, we honor that tradition every step of the way. Your treatment begins with a gentle cleanse and a warm, aromatic scalp massage using nourishing oils and herbal-infused care. As soothing water flows over the scalp in a tranquil "waterfall" rinse, every pressure point is gently worked to release stress, improve circulation, and leave your hair feeling clean, light, and revitalized. Book your session at Sparkle Organic Nails & Spa and discover why this ritual is becoming our most-loved escape.
